<p>Static 27' ft. Static at end of pumping 35' ft. Final recovery 27' ft. Total pumped 504 usgal.</p>				

The data in the attached table supports the conclusion that the well is producing 8.4 usgal per minute.

I hereby certify that the data on this report is true and accurate to my knowledge at the time of testing.  
 Name: WILL HAMILTON Signature: Will Hamilton Date: NOV. 08, 2024

The pumping test has been done in accordance with the requirements in the Water Act and the Ground Water Protection Regulation.  
**PLEASE NOTE:** The data recorded in this pumping test report reflect conditions at the time of the test. Water levels, well performance, estimated long-term well yield and water quality are not guaranteed as they are influenced by a number of factors, including natural variability, human activities, and condition of the works, which may change over time.
